

# THE AMERICAN JOURNAL *of* MEDICINE®

www.amjmed.com

CONTENTS

*The Green Journal*

February 2016 Volume 129/Number 2

## EDITORIALS

**129 A Home Diagnosis**

Joseph S. Alpert

**131 Your Kidneys May Outlive You**

Yeong-Hau H. Lien

## COMMENTARIES

**134 Retail Clinics: A Shift From Episodic Acute Care to Partners in Coordinated Care**

James E. Dalen

**137 Regular Physical Activity: Forgotten Benefits**

Steven F. Lewis and Charles H. Hennekens

## REVIEWS

**139 Top 10 Facts to Know About Inpatient Glycemic Control**

William B. Horton and Jose S. Subauste

*Optimizing glycemic control should be a priority for all health care providers in the inpatient setting.*

**143 Caring for ‘Very Important Patients’—Ethical Dilemmas and Suggestions for Practical Management**

David Alfandre, Sarah Clever, Neil J. Farber, Mark T. Hughes, Paul Redstone, and Lisa Soleymani Lehmann

*A series of vignettes demonstrates how “Very Important Patients” can influence a clinician’s treatment decisions.*

**148 Misconceptions and Facts About Hypertrophic Cardiomyopathy**

Edgar Argulian, Mark V. Sherrid, and Franz H. Messerli

*When properly diagnosed, hypertrophic cardiomyopathy patients can be managed effectively to improve symptoms and survival.*

**153 Practical Approach to Detection and Management of Chronic Kidney Disease for the Primary Care Clinician**

Joseph A. Vassalotti, Robert Centor, Barbara J. Turner, Raquel C. Greer, Michael Choi, and Thomas D. Sequist, National Kidney Foundation Kidney Disease Outcomes Quality Initiative

*The ultimate goal of chronic kidney disease management is to prevent disease progression, minimize complications, and promote quality of life.*

## DIAGNOSTIC DILEMMAS

**163 South Sudan to Martha’s Vineyard: Malaria**

Ross Boyce, Julian Mitton, Jacqueline Chu, and Kathleen Finn

0002-9343(201602)129:2;1-L

A7

- 167 **Caught on Capsule: Iron-deficiency Anemia Due to Hookworm Infection**  
Jessica Seidelman, Rena Zuo,  
Krishna Udayakumar, and Ziad F. Gellad

---

### ECG IMAGE OF THE MONTH

---

- 170 **Post-pacemaker T-wave Inversions: Cardiac Memory**  
Jonathan W. Waks, Daniel A. Steinhaus,  
Alexei Shvilkin, and Daniel B. Kramer

---

### CLINICAL RESEARCH STUDIES

---

- 173 **Metabolic Syndrome Among Marijuana Users in the United States: An Analysis of National Health and Nutrition Examination Survey Data**  
Denise C. Vidot, Guillermo Prado,  
WayWay M. Hlaing, Hermes J. Florez,  
Kristopher L. Arheart, and Sarah E. Messiah

*Current and past marijuana users have lower odds of presenting with metabolic syndrome than those with no history of marijuana use.*

- 180 **Moderate Alcohol Consumption Is Not Associated with Reduced All-cause Mortality**  
Robert Goulden

*Although research suggests that moderate alcohol consumption is associated with reduced all-cause mortality, concerns remain that the observed relationship may be due to residual confounding.*

- 187 **Prevalence and Significance of Unrecognized Renal Dysfunction in Patients with Acute Coronary Syndrome**  
Zach Rozenbaum, Avi Leader, Yoram Neuman,  
Meital Shlezinger, Ilan Goldenberg,  
Morris Mosseri, and David Pereg

*Acute coronary syndrome patients with unrecognized renal insufficiency should be considered as a high-risk population.*

- 195 **Quality Improvement of *Staphylococcus aureus* Bacteremia Management and Predictors of Relapse-free Survival**  
Jennifer Townsend, Jamie Pelletier, Gail Peterson,  
Susan Matulevicius, and Pranavi Sreeramaju

*Regular adherence to evidence-based guidelines for the treatment of *S. aureus* bacteremia can have a positive impact on patient outcomes.*

- 204 **Mindfulness-based Stress Reduction in Addition to Usual Care Is Associated with Improvements in Pain, Fatigue, and Cognitive Failures Among Veterans with Gulf War Illness**  
David J. Kearney, Tracy L. Simpson,  
Carol A. Malte, Benjamin Felleman,  
Michelle E. Martinez, and Stephen C. Hunt

*Symptoms of Gulf War illness were improved significantly when mindfulness-based stress reduction was added to treatment as usual.*

- 215 **Optimize Your Electronic Medical Record to Increase Value: Reducing Laboratory Overutilization**  
Eduardo Iturrate, Lindsay Jubelt, Frank Volpicelli,  
and Katherine Hochman

*Eliminating electronic health record features that facilitate overutilization is likely to be a safe and effective method of reducing hospital costs.*

---

### COMMENTARIES

---

- e1 **Negative Secular Trends in Medicine: High CEO Salaries**  
Robert M. Doroghazi
- e3 **Electrocardiogram Screening in Athletes: A Good Return on Investment?**  
John P. Higgins and John B. Cadigan, III

---

### DIAGNOSTIC DILEMMAS

---

- e7 **Necrotizing Eyelid Inflammation Heralding Granulomatosis with Polyangiitis**  
Michel J. Belliveau, Baruch D. Jakubovic,  
Dharini Mahendira, Henry R. Jakubovic, and  
Navdeep Nijhawan
- e9 **Pernicious Emboli: An Uncommon Cause of a Common Problem**  
Daniel Ambinder, Alison Moliterno,  
Michael Streiff, and Bennett W. Clark

## REVIEW

---

### 221.e1 Vertebral Fractures: Clinical Importance and Management

D.L. Kendler, D.C. Bauer, K.S. Davison, L. Dian, D.A. Hanley, S.T. Harris, M.R. McClung, P.D. Miller, J.T. Schousboe, C.K. Yuen, and E.M. Lewiecki

*Pain control and exercise to help maintain spinal movement and strength are important components in the care of vertebral fracture patients.*

## CLINICAL RESEARCH STUDIES

---

### 221.e11 Clinical Presentation, Risk Factors, and Outcomes of Hematogenous Prosthetic Joint Infection in Patients with *Staphylococcus aureus* Bacteremia

Aaron J. Tande, Bharath Raj Palraj, Douglas R. Osmon, Elie F. Berbari, Larry M. Baddour, Christine M. Lohse, James M. Steckelberg, Walter R. Wilson, and M. Rizwan Sohail

*The authors identify clinical predictors of prosthetic joint infection in patients presenting with S. aureus bacteremia.*

### 221.e21 Trends in Opioid Prescriptions Among Part D Medicare Recipients From 2007 to 2012

Yong-Fang Kuo, Mukaila A. Raji, Nai-Wei Chen, Hunaid Hasan, and James S. Goodwin

*Analysis of Medicare Part D data demonstrates a substantial growth in opioid prescriptions from 2007 to 2011, and much variation in opioid prescriptions across states.*

### 222.e1 The Impact of Race on the Prognosis of Preclinical Diastolic Dysfunction: A Large Multiracial Urban Population Study

Jian Shan, Lili Zhang, Anthony A. Holmes, and Cynthia C. Taub

*Although time to incident heart failure was similar among racial groups, non-Hispanic blacks and Hispanics, despite their higher burden of risk factors, experienced lower mortality compared with non-Hispanic whites.*

## CLINICAL COMMUNICATIONS TO THE EDITOR

---

### e13 Cluster Syncope

Janaki Rami Reddy Manne

e15 **Unusual Cause of Stridor in an 80-Year-old Man**  
Paul Zolkind, Lemuel Non, Rebecca Chernock, and Nsangou Ghogomu

e17 **Pyoderma Gangrenosum Associated with Acute Respiratory Distress Syndrome**  
M. Watanabe, K. Natsuga, M. Ota, and K. Ito

e19 **Eosinophilic Myocarditis Presenting as ST-segment Elevation Myocardial Infarction Diagnosed with Cardiac Magnetic Resonance Imaging**  
Grant Bailey, Krishna Upadhyaya, Judith Meadows, and Brian Malm

e23 **Mobile Menace: Floating Aortic Arch Thrombus**  
Ami Schattner and Meital Adi

e25 **Acute Necrotizing Herpetic Pleuritis in a Patient with Systemic Sclerosis and Immunosuppression: Report of a Novel Pulmonary Herpes Infection**  
Despina Michailidou, James V. Lettera, Inga Forde, Paul J. Cohen, Armand J. Wolff, and David A. Kaufman

e29 **Atypical Cause of Axillary Pain**  
Adam E. Mikolajczyk and Yasmin A. Sacro

## LETTERS

---

e31 **Comments on One-way Versus Two-way Text Messaging on Improving Medication Adherence**  
Lawrence Mbuagbaw
