

# 2018 CDIM Annual Survey of Clerkship Directors

---

## Start of Block: Introduction

Q1

### 2018 CDIM Annual Survey of Clerkship Directors

Welcome to the 2018 CDIM Annual Survey. For the past 20 years, CDIM has been surveying its membership to understand the clerkship in internal medicine and to advance undergraduate medical education. The CDIM Survey and Scholarship Committee expects to publish the results of this research in peer-reviewed journals as well as present the summary findings at the next Academic Internal Medicine Week (AIMW) in April 2019. Following AIMW 2019, the summary results will be available through your CDIM membership at [im.org](http://im.org). This survey consists of four thematic sections and, depending on your responses, should take **approximately 20-25 minutes to complete**. **Upon submitting your final responses, you will receive a copy of your individual survey results by email.**

Your data will be collected using Secure Socket Layer encryption. **Please use the survey "BACK" button to return to a previous page (NOT your browser's "back" button).** If necessary, **you may pause and return to the survey later** by closing your browser and clicking on the survey URL in your invitational email message, when you are ready to resume. To ensure that your responses are saved on the page for which you last entered data, simply click "NEXT" before closing your browser. **Please complete this survey by 5:00 PM Eastern Time on Friday, November 30, 2018.** After that date, you will not be able to access your survey responses if you have not yet submitted them.

You have been invited to participate because you are an internal medicine core clerkship director whose medical school is LCME-accredited and is a CDIM member as of October 1, 2018. **Participation is voluntary.** Refusal to participate will not affect your or your program's CDIM membership. It is your right not to answer any questions that you do not wish to answer. This study and its protocol (Number: 18-AAIM-102) were submitted to Pearl IRB (registered with the U.S. Department of Health and Human Services Office for Human Research Protections as IRB00007772) for exemption determination in accordance with FDA 21 CFR 56.104 and DHHS 45 CFR 46.101 regulations, and have been deemed **exempt** under 45 CFR 46.101(b) category 2.

**If you encounter technical problems or are not the most appropriate person to complete this survey,** please **contact** Alliance for Academic Internal Medicine Surveys and Research Manager Michael Kisielewski, MA, at [mkisielewski@im.org](mailto:mkisielewski@im.org) or 703-341-4540. Questions about the survey content may be directed to the CDIM Survey Committee Chair Jeffrey LaRochelle, MD, via [surveys@im.org](mailto:surveys@im.org). If you feel that your rights as a participant in this study have not been upheld, please contact Pearl IRB at [info@pearlirb.com](mailto:info@pearlirb.com) or 317-602-5917.

***Thank you for helping to advance your profession!***

Q2 **By clicking below, you acknowledge that your participation in this survey is voluntary.**

Begin the survey. *Click "Next" (below) to continue.*

## Start of Block: Section IV. Direct-care Hospital Medicine Services

Q60

**Section IV. Direct-care Hospital Medicine Services**

***For this section, direct-care services are defined as those in which there are no intern or resident physicians involved with the care team.***

---

**Q61 Do students in your clerkship or subinternship/acting internship work with faculty on direct-care hospitalist services?**

- Yes
- No

Skip To: Q62 If Q61 = Yes  
Skip To: Q79 If Q61 = No

Page Break

---

**Q62 Which types of students work with direct-care hospitalist services? *Check all that apply.***

- Clerkship students
  - Sub-internship students
  - Other (please specify): \_\_\_\_\_
- 

**Q63 Do the hospitalists at your hospital also attend on teaching services?**

- Yes
  - No
-

Display This Question:  
If Q63 = Yes

Q64 **For the question below, if you do not know the percentage, please click below to bypass it.**

I do not know (Click here to bypass the following question.)

Display This Question:  
If Q63 = Yes

And Q64 != I do not know (Click here to bypass the following question.)

\*

Q65

**What is the percentage of hospitalists who also attend on teaching services?  
Enter numerals without decimal points or a % sign.**

\_\_\_\_\_

Page Break

Q66 **How do you ensure that direct-care faculty are familiar with course objectives? Check all that apply.**

Email to them or post onto an orientation site

Review them at faculty orientation meeting

Other (please specify): \_\_\_\_\_

Page Break

Display This Question:

If Q62 = Clerkship students

Q67 **Do you provide faculty development to the faculty on direct-care hospitalist services?**

Yes

No

Display This Question:  
If Q67 = Yes

**Q68 How do you ensure that faculty development is completed by direct-care faculty working with core clerkship students? Check all that apply.**

- Clerkship director or other educational leaders provide in-person sessions each year
- Faculty attest to completing online modules provided
- Faculty attest to other asynchronous materials provided
- Other (please explain): \_\_\_\_\_
- I do not currently have a method for doing this

Display This Question:  
If Q62 = Clerkship students

**Q69 Do you currently have faculty development materials specific to the needs of direct-care faculty working with core clerkship students?**

- Yes (please describe/explain): \_\_\_\_\_
- No

Page Break

**Q70 Do you collect student evaluations of direct-care faculty?**

- Yes
- No

Display This Question:  
If Q70 = Yes

**Q71 Do you...**

	Yes	No
share these evaluations with the direct-care faculty?	<input type="radio"/>	<input type="radio"/>
have a method for reviewing the evaluations of direct-care faculty to provide feedback on their teaching skills?	<input type="radio"/>	<input type="radio"/>

Page Break

**Q72 How often are direct-care faculty distracted from teaching students by caring for patients outside of the teaching service?**

- Never
- Sometimes
- Often
- Very often
- I do not know/I am not sure

**Q73 Compared to a resident team service, how often do clerkship students work directly with nurse practitioners or physician assistants on a direct-care service?**

- Less often
- About the same
- More often
- I do not know/I am not sure

**Q74 What percent of IM clerkship time are students assigned to work on the direct-care hospitalist service?**

- 0%
- 1-20%
- 21-40%
- 41-60%
- 61-80%
- 81-100%

Page Break

**Q75 Compared to a resident team service, how many...**

	Fewer	About the same number	More	Do not know
direct-care faculty would a student would work with?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
patients do clerkship students cover on a direct-care service?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Page Break

**Q76 Do your direct-care faculty receive additional monetary compensation for teaching medical students on the direct-care service?**

- Yes
- No
- Do not know

Display This Question:  
If Q76 = Yes

**Q77 Which other forms of compensation do those faculty receive for teaching medical students?  
Check all that apply.**

- Teaching awards
- Educational RVU credits
- Reduction of inpatient census requirements
- Hours toward required number for clinical appointment
- Other (please specify): \_\_\_\_\_

**Q78 Do students assigned to work with direct-care faculty also have clerkship time working on traditional services (with resident/intern teams)?**

- Yes
- No

Skip To: Q79 If Q78 = Yes  
Skip To: Q82 If Q78 = No

Page Break

**Q79 Have you considered having students work on direct-care hospitalist services?**

- Yes
- No

Display This Question:  
If Q79 = Yes

**Q80 Which of the following have you considered for working on direct-care hospitalist services? Check all that apply.**

- Core clerkship students
- Subinterns
- Electives
- Other student rotations
- I am not sure

Display This Question:  
If Q79 = Yes

**Q81 What are your perceived barriers to starting? Check all that apply.**

- Hospital medicine/direct-care faculty not interested
- No perceived need
- Departmental administration does not support
- Hospital administration does not support
- Other (please specify): \_\_\_\_\_

Display This Question:  
If Q79 = No

**Q82 Why have you not considered having students work on direct-care hospitalist services?**

**Check all that apply.**

- Never considered
- Inadequate faculty resources
- No need identified
- Other (please explain): \_\_\_\_\_
- 

**Q83 What barriers do you perceive in having students work with direct-care faculty?**

\_\_\_\_\_  
\_\_\_\_\_

---

Q84

**You have completed FOUR of FIVE sections.**

**End of Block: Section IV. Direct-care Hospital Medicine Services**
